

# Simulation Training for HCPs in Primary Care

The Kent & Medway Primary Care Training Hub is delighted to offer the opportunity to attend the following sessions all centred around emergencies which may occur in a primary care setting.

**Simulation** offers a unique way of learning and the sessions are designed to enable participants to learn about the clinical management of the scenario and the non technical and human factors around teamwork, communication and leadership in a safe environment.

These sessions are **fully funded** by the Training Hub and are free to attend to all healthcare staff in Kent and Medway.

## There are three simulation training events:

- Oncological emergencies simulation training for Primary Care with the Kent and Medway Macmillan team  
Saturday 11th June, 9-4pm  
Digital Innovation Centre, Folkestone  
**Book your place [on Eventbrite](#)**
- Emergencies in Primary Care simulation training day  
Saturday 2nd July, 9-4pm  
Darent Valley Hospital  
**Book your place [on Eventbrite](#)**
- Paediatric emergencies in Primary Care simulation training  
Saturday 26th November, 9-4pm  
Tunbridge Wells Hospital  
**Book your place [on Eventbrite](#)**
